Biswas Nandamuri

www.biswas.coffee - 0421 734 594 - biswas.nandamuri@gmail.com

Career Objective:
Looking forward to associating myself with an organization where there is an opportunity to learn, contribute and upgrade my skills for the development of myself and the organization.

Employment:

Academic Tutor *Mar 2019 – Present*
La Trobe University (www.latrobe.edu.au)
- Tutored and Mentored undergraduate and postgraduate students with practical lab work, assignments and course projects involving C, C#, Python and Angular.

Software Developer Intern *Dec 2018 – Jun 2019*
Brimbank City Council (www.brimbank.vic.gov.au)
- Designed and developed a full stack web application to automate the M1 process of establishing a data synchronisation between state and council data using Python's Flask (Backend API), Pandas (Data Analytics) and JavaScript's React (Frontend) libraries.
- Worked on extending features in Pitney Bowes SSA application written using Angular (v6) and Java's Spring frameworks.

Skills:
- **Programming Languages:** C, C#, Python, JavaScript, Go
- **Tools:** Git (GitHub and Bitbucket), Visual Studio, VS Code, Docker, PyCharm
- **Database:** (SQL) MySQL, PostgreSQL, (No-SQL) MongoDB
- **Technologies:** REST/GraphQL, Angular/React, Django, Bootstrap/Bulma
- **Operating Systems:** Ubuntu, Windows
- **Others:** Photoshop, Figma, Adobe XD, InVison

Projects:

Patient Management System – Capstone Project (Udacity Nano degree)
- Built a Full stack application to manage patient and doctor records in a hospital using Python's Flask (API), JavaScript's React (SPA) and PostgreSQL database
- Includes authentication using auth0 service for three different access roles (Nurse, Doctor and Dean) with unique access levels
- *Used: Flask, PostgreSQL, React JS, JWT, Antd Component Library*
- *GitHub Repo: https://github.com/Biswas-N/patient-management-system*
- *Live URL: http://patient-management-system-1603.herokuapp.com/*

Mediterranean Archaeology – Major Project (Masters)
- Extracted data from an 800 pages book using Re (Regular Expressions) and Pdfminer libraries and stored data in PostgreSQL using SQLAlchemy library
- Developed a Django (REST API) - Angular Js (Single Page) application to perform CRUD operations on the extracted data.
- *Used: Python, Django, PostgreSQL, Angular JS, SASS, Bulma*
- *Documentation: https://docs.biswas.coffee/Mediterranean-Archaeology.pdf*

M1 Automator – (Brimbank City Council)

- Compared over 100 Thousand local and state government records, established a data synchronisation (M1 Process) using Python's Pandas library
- Created a Dotnet (C#) – React JS based dashboard application to view the synchronisation statistics and export reports.
- *Used: Pandas, Dotnet, C#, MySQL, React JS, Bootstrap*

BiswaCoin (https://github.com/Biswas-N/BiswaCoin)

- Implemented Blockchain's "Proof of Work" concept using JavaScript
- Built a console-based desktop application using JavaScript's Encryption and string library
- *Used: JavaScript*

My Portfolio – (www.biswas.coffee)

- Built my portfolio using Angular - Bulma CSS to showcase my skills and previous works.
- Used Netlify as a hosting service and created a DevOps pipeline by integrating GitHub with Netlify for Continuous Deployment.
- *Used: Angular, TypeScript, Bulma, Netlify*

Education:

Full Stack Developer Nano Degree *Feb 2020 - Jun 2020*
Udacity
Subjects included: Data Modelling, API Development and Documentation, Authentication, Server Deployment, Containerization and Testing

Master of Information and communication Technology *Feb 2017 - Dec 2018*
Latrobe university
Melbourne, Australia
Subjects included: Software Design Methodologies, Networking and Web Development

Bachelor of Electronics and Instrumentation Technology *Feb 2012 - May 2016*
VNR Vignana Jyothi Institute of Engineering and Technology
Hyderabad, India
Subjects included: Signals and Sensors, Automation, Robotics and Analytical Instrumentation

Awards and Achievements:

- Cisco certified Network Associate (given by Cisco Systems - 2018)
- Best major project (VNR Vignana Jyothi Institute of Engineering and Technology)

References:

- Dr Scott Mann (s.mann@latrobe.edu.au) and Dr Richard Skarbez (r.skarbez@latrobe.edu.au)
    - Senior Lecturers (CS Department) at La Trobe University
- Bright Osagiede (brighto@brimbank.vic.gov.au)
    - Asset and Spatial Information Coordinator (GIS) at Brimbank City Council
